Effective Date: September 24, 2026

Dynasty Family Planning LLC is committed to making dynastyfamilyplanning.com accessible to the widest possible audience, including individuals with disabilities.

1. Conformance Target

We aim to conform to the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA, published by the World Wide Web Consortium (W3C). These guidelines explain how to make web content more accessible to people with a wide range of disabilities.

2. Measures We Take

We work to design the Site with accessibility in mind, including through the use of semantic HTML, descriptive alternative text for meaningful images, sufficient color contrast, and keyboard-navigable forms. We periodically review the Site and address accessibility issues as they are identified.

3. Known Limitations

Despite our efforts, some areas of the Site may not yet fully conform to WCAG 2.1 Level AA, including content or functionality provided by third-party tools (such as embedded application forms or scheduling widgets). We are working to address these limitations over time.

4. Feedback and Contact

If you encounter an accessibility barrier on the Site, or need to access information in an alternative format, please contact us at:
