

Medical, Legal, Financial & Advertising Disclaimers

Effective Date: September 24, 2026

These disclaimers apply to your use of dynastyfamilyplanning.com and our surrogacy agency services and are incorporated into our Terms of Use by reference.

1. Not Medical Advice; No Outcome Guarantee

Dynasty Family Planning is not a medical provider. We do not perform medical procedures, provide diagnoses, or give medical advice. All medical evaluations, IVF procedures, embryo transfers, prenatal care, and related medical services are performed by independent, licensed physicians and clinics, not by Dynasty Family Planning. We do not guarantee a successful match, pregnancy, or birth, or any specific medical outcome or timeline.

2. Not Legal Advice; Independent Legal Counsel Required

Dynasty Family Planning is not a law firm and does not provide legal advice. Surrogacy law varies significantly by state and jurisdiction, and gestational surrogacy arrangements involve important legal rights and obligations for all parties. We require or strongly recommend that intended parents and gestational surrogates each be represented by their own independent legal counsel (ILC) in connection with any surrogacy arrangement. Nothing on the Site or in our communications is intended as, or should be relied upon as, legal advice.

3. Not Financial or Escrow Services; Compensation Estimates

Dynasty Family Planning is not a bank, escrow company, or financial institution. Compensation, reimbursements, and related funds are managed by independent, licensed escrow companies, not by us. Any compensation figures, ranges, or estimates referenced on the Site or in our advertising are illustrative only, are not guaranteed, remain subject to negotiation between the parties and their independent counsel, and individual arrangements and results vary.

4. Advertising and Testimonial Disclaimer; State-by-State Availability

We advertise nationwide, including through Meta (Facebook/Instagram), Google, and TikTok. Because surrogacy law differs by state — and compensated gestational surrogacy is restricted or unavailable in some jurisdictions — the availability of our Services, and of related legal and medical services, may vary depending on where you or your matched counterparty reside. Any testimonials, success stories, or timelines referenced in our advertising or on the Site reflect individual experiences, are not guarantees, and do not necessarily represent the experience of every applicant.

5. Eligibility; No Professional Relationship Created

Use of the Site or submission of an application does not create an attorney-client relationship, a physician-patient relationship, or any other professional relationship with Dynasty Family Planning. Eligibility for our Services is evaluated using recognized medical and psychological screening standards and is not guaranteed to any applicant. Applicants must be at least 18 years old.
